## A Trusted Resource Now Available from Liturgical Press!

Liturgical Press has obtained the North American rights to the Austin Flannery translation of the documents of Vatican II.

COLLEGEVILLE, MINNESOTA (March 2014)—*Vatican Council II: The Conciliar and Postconciliar Documents* is now available in the widely used study edition translated by Irish Dominican Austin Flannery (+October 21, 2008). This is the translation chosen for inclusion in *The Catechism of the Catholic Church* and the text that both students of the Council and students of the *Catechism* will want. It contains all sixteen documents of the Second Vatican Council plus the forty-nine later documents from popes or Vatican congregations that implement the details of the Council's decisions.

Special features of this study edition:

- Larger page size, with larger print and more generous margins
- Focus questions after each Council document help the reader comprehend the main points
- Creative questions assist the reader in applying the content of the Council documents to personal experience or to future development in the Church

***“In this student edition of the Second Vatican Council documents, students will discover a readable, reliable text and helpful questions to guide them in the study of the Council.”***

Joseph Cardinal Bernardin, +1996
